With the rising popularity of 15m x 20m blocks, we've introduced a home perfectly suited to this block size. Setting new standards in design, the interior layout cleverly utilises the unique shape of the homesite, creating an opportunity to rethink traditional living. Taking cues from the New York precinct of Tribeca, contemporary, geometric influences seamlessly integrate into a free-form, open plan design. An entertainer's paradise, the unique corner kitchen overlooks the huge living and dining area, with all of these areas boasting high 31c ceilings. Situated at the front of the home, the parents wing is an relaxing enclave and located away from the childrens zone for privacy. The master suite boasts an oversized walk-in robe that opens directly into the private ensuite. Modern living has been redefined – it's called the Tribeca.
